15. **What more would you like to tell NCR or the community about your Stakeholder Involvement? What are you doing that is new or particularly successful to involve residents and others?**

LPNA has created a Logan Legacy Street Task Force with the Quincy Street property owners and other area stakeholders. This Taskforce formed two workgroups to develop recommendations for the City of Minneapolis regarding the Logan Legacy Street projects. The group will continue to engage neighbors and stakeholders to ensure the legacy street design is a collaborative effort.
Please describe one or two major highlights

Consider the following when describing each highlight:
• What was the issue or opportunity the neighborhood was facing?
• Who was impacted?
• What steps did you take to address the issue or opportunity?
• What was the outcome?

17. MAJOR HIGHLIGHT #1

Priority Planning Project

The Priorities committee spent 2018 doing community engagement around our Priority Plan. In Dec 2017, the committee sent out a priorities survey. During 2018, we compiled and presented the results of that survey at our July meeting where we also hosted a Priorities planning brainstorming session. From August through November we collected project and programming ideas. In November we hosted a community meeting to review all the ideas submitted. The group has encouraged feedback and comments throughout the process. The committee hopes to present our plan to the community in February and vote to pass the plan in March.

18. MAJOR HIGHLIGHT #2

Street Safety Committee Work

The LPNA Street Safety Committee had a very active year. The Committee met several times to compile concerns and suggestions for Monroe Street and surrounding areas. We hosted a table during the NE Open Streets event, collecting data and gathering support for increased street safety. We partnered with the Broadway Street Taskforce to collect surveys on the perceived safety of Broadway. The Committee connected neighbors with local churches to work together on neighborhood parking issues, and strengthen relationships. We met with our city council person and the city of Minneapolis Public Works department to share concerns and find solutions.
