|     | Organized a clean up that was based outside one of our low-income towers, held a neighborhood wide clean up in one of the Seward Towers, reached out to tenants in other rental buildings north of Franklin.   |
|     | In the spring of 2019 we worked with Rawdah Cultural Center and the Sierra Club to train<br>East African youth in community organizing. The role of SNG was to create the<br>connection between Rawdah and the Sierra Club and facilitate the logistics of two<br>training sessions. The group of youth then worked with Rawdah and Seward<br>Neighborhood Group to serve food at our neighborhood Iftar. Our Iftar was a beautiful<br>intercultural event with over 200 participants sharing their culture and a meal together.<br>The youth generously volunteered to do all the clean—up after the event, allowing<br>families and neighbors the ability to relax at tables while connecting with their diverse<br>tablemates.  |
|     | What more would you like to tell NCR or the community <b>ABOUT YOUR STAKEHOLDER</b><br>INVOLVEMENT? What are you doing that is <b>NEW OR PARTICULARLY SUCCESSFUL TO</b><br>REACH RESIDENTS and others?   |
|     | SNG works hard to promote committee and board membership to new and diverse<br>audiences in increasingly inclusive ways. In 2019, we had a very motivated group of<br>board members on our nominations committee. This group created flyers in multiple<br>languages, posted our board vacancies on multiple electronic platforms, and reached out<br>to contacts with numerous constituencies in the community. Due to time and energy<br>that was committed to recruit a more diverse slate for our annual elections, we currently<br>have our most diverse and representative board in recent history. Our board includes<br>youth, the East African population, Latinos, renters, small business owners and<br>homeowners. We are very proud of this work and continue to work to fill ongoing<br>spaces with individuals who represent the diversity of our neighborhood. |

We are also very excited about our updated Strategic Plan. Our highly-engaged board created a framework to help focus all of the work of SNG around missioncentered activities. The following is part of the introduction to our new strategic plan: "The goal of SNG is to make our neighborhood the best it can be. We do this by building relationships within our community and by guiding the development of our physical environment to make it more accessible and sustainable for all. SNG develops and uses many strategies to achieve our goals. In all of the work we do, we strive to engage with all community members fairly and equitably, and in ways that are both economically and environmentally sustainable."

Seward Neighborhood Group, Minneapolis Parks and Recreation Board and "Like a Girl" co-hosted the final viewing party of the Women's World Cup at Matthews Park. Over a hundred individuals including adults and children attended this community event. This was a free family friendly event that promoted girls and women in sports and created an opportunity for families to support equity in sports. Many of the families that attended this event had not been connected with SNG in the past and this created an opportunity to connections in the community.

# **2019 Community Participation Program Annual Report** 2019 Highlights

## PLEASE DESCRIBE ONE OR TWO MAJOR HIGHLIGHTS

- What was the issue or opportunity the neighborhood was facing?
- · Who was impacted?
- · What steps did you take to address the issue or opportunity?
- What was the outcome?

# 18. MAJOR HIGHLIGHT #1

One of our low-income high-rise towers, Seward Towers West, is separated from their park by a busy street, 26th Ave. Drivers leave highway 94, take a right and drive fast southbound toward Franklin Ave. Families have needed cross this street without a crosswalk in order to access their park. To this day we have been lucky that there has not been an serious incident but it was clear to anyone who spent time watching the area that was a matter of time before someone was seriously hurt. For many years, SNG has worked with Seward Redesign, the Seward Towers Corporation and Minneapolis Public Works to come up with solutions to make crossing here safer. This difficulty was made worse because in the 2 blocks from the highway 94 frontage road and Franklin Ave there is a S-curve that makes visibility difficult. Over the years, we have erected signs, made 26th Ave. a single lane going south and tried other solutions. This year after many years of research and lobbying the city to help us, Seward Towers Corporation with the support of SNG and Seward Redesign paid to have a new stoplight with a crosswalk on demand button erected. We still need to change the gate to the park when the earth thaws out but we are thrilled that our families in the Seward Towers West have a safe way to reach the park with their children.

## 19. MAJOR HIGHLIGHT #2

Last fall Seward neighbors found themselves frequently grappling with; homelessness, public defecation/urination, heroin use, prostitution, drug dealing, and gun violence, namely around Matthews Park. In response to rising concerns among neighbors, SNG organized a panel discussion on public safety. The goal of this event was to have a conversation with the organizations and public officials who are addressing public safety issues in Seward and across Minneapolis. Our panel members were: Lt. Sean McGinty, Third Precinct inspector, Jason Ohotto, Park Safety and Security Director, Sasha Cotton, Director of Office of Violence Prevention, Jaylani Hussein, Executive Director of CAIR-MN, Chris Knutson, Street Outreach Team Lead at St. Stephen's Human Services. This event was held in Seward Towers West and over 100 neighbors attended. This was a highly diverse crowd from all corners of the neighborhood. We were able to give our residents an opportunity to voice their fears and to hear suggestions for next steps. We continue to use the list from this event to organize neighbors to work together to promote public safety throughout our neighborhood.
